UNMATCHED SPEED OF DELIVERY

FROM PERMIT TO CERTIFICATE OF OCCUPANCY IN 13 MONTHS

Tejon Ranch Commerce Center's fully entitled infrastructure eliminates the uncertainty and delays that plague development in other California markets. Our proven track record demonstrates what's possible when entitlements, infrastructure, and responsive local government align.

Recent projects at TRCC have achieved certificate of occupancy in as little as 13 months from initial grading permit application — a timeline that's virtually unheard of in California's complex regulatory environment. This speed-to-market advantage translates directly to reduced carrying costs, faster revenue generation, and competitive positioning for our tenants.
